## SHIMOGA DISTRICT.

SUBJECT No. 461.

The Munsiff's Court at Yedahalli to be located at Tirthahalli.

Mr. Samaga Subbarayabhatta, Tirthahalli Taluk.

*Summary of discussion.* It would appear that the Munsiff's Court at Yedahalli will be located at Tarikere. Tarikere is nearer to Shimoga and is connected by rail and therefore it is requested that the Munsiff's Court at Yedahalli may be located here (at Tirthahalli) as it is nearer to Koppa which has got comparatively a large number of litigant population.

*Reply of Government.*—There is no intention to remove the Court at Yedahalli.

SUBJECT No. 462.

Re-establishment of the Munsiff's Court at Honnali.

Mr. N. Ranga Rao, Honnali Taluk

*Summary of discussion.*—This Munsiff's Court was in existence for over twenty-two years at Honnali, and it has now been transferred to Chitaldrug. It was very inconvenient to the people of Davangere and Shikarpur taluks when the Munsiff's Court was at Honnali. The people of His Majesty's Territories residing in Ranebennur and Kod taluks were also resorting to it. Orders may therefore be passed to re-establish a Munsiff's Court at Honnali.

*Reply of Government.*—The different aspects of the question were fully considered before the change was ordered in December last. Nothing more can now be done.

SUBJECT No. 463.

Shimoga drainage and water-supply schemes.

Mr. S. R. Balakrishna Rao, B.A., LL.B., Advocate, Shimoga Municipality.

*Summary of discussion.*—The town of Shimoga is in need of both water-supply and drainage schemes. The latter is a greater necessity than the former. The unhealthiness of the place is due more to bad or no drainage system than to want of good water-supply. The situation of the town is very unfavourable for natural drainage, and so there is no hope for the improvement of the town if both these schemes or at least drainage is not introduced at an early date.

*Reply of Government.*—This project is under preparation by a special establishment and is progressing satisfactorily. There is an allotment of Rs. 30,000 for it in the current year's civil budget.

SUBJECT No. 464.

Local Fund Dispensary.

Mr. S. R. Balakrishna Rao, B.A., LL.B., Advocate, Shimoga Municipality.

*Summary of discussion.*—Local Fund Dispensaries may be established at Holehonnur in the Shimoga Taluk and Basavapatna in the Channagiri Taluk. The Hospital Assistant of Benkipur visits the former place twice a week and the cost of such visits is about Rs. 45 a month, *i.e.*, nearly as much as the cost of maintaining a dispensary. Native physicians trained in the Mysore Hindu Vaidyasala may be appointed in important villages which are more than six miles away from a dispensary.

*Reply of Government.*—This will be looked into.

SUBJECT No. 465.

Shimoga Students' Home.

Mr. S. R. Balakrishna Rao, B.A., LL.B., Advocate, Shimoga Municipality

*Summary of discussion.* The Government may be pleased to construct a Students' Home at Shimoga. The rent paid for the present building is Rs. 30 a month, a sum equal to the interest on nearly Rs. 12,000. Moreover the building is not a very convenient one.

*Reply of Government.*—This is a question of funds.
